BOOKING APPOINTMENTS AND OUR COVID-19 MEASURES UPDATED 25th AUG 2021

Booking an appointment

To make an appointment, please call us on 01395 578714 or e-mail:
info@sidmouthchiropractic.co.uk

Safeguarding patients and practitioners

We have conducted a thorough COVID-19 specific risk assessment and have implemented the following clinic procedures:

- All staff have been completely vaccinated and undergo twice weekly lateral flow screening tests
- All patients are screened when they make their appointment to check they do not have COVID-19 symptoms.
- New patient paperwork will be e-mailed to patients to be printed and completed at home prior to the appointment if this is possible.
- Practitioners will be wearing single use PPE (Gloves, aprons and masks) for each appointment. The treatment room is well ventilated.
- Enhanced cleaning of the treatment room will occur between patients (including chiropractic equipment and all touched surfaces) using hospital grade disinfectant. The Clinic is also regularly deep cleaned.

What can you do to help us

We need some help from you to make the clinic the safest it can be during this time. Please help us to help you by doing the following:

- Please wear a face covering or mask unless you have a medical exemption.
- Please be on time for your appointment, but do not arrive too early as there is limited waiting space in the clinic.
- On entering and exiting the Beacon Medical Centre, please use the hand sanitiser provided.

- Please only bring people to your appointment if you need assistance with mobility or communication. If you are under the age of 18 please bring one parent/guardian with you.
- Wearing loose clothing to reduce the need for clinical gowns

If you have any questions regarding any of this common sense information please call the clinic and the chiropractor will call you back.

It is anticipated that there will be retained need for vigilance including continuing with the measures outlined above for some considerable time, even though COVID-19 restrictions are lifted in the wider community. This clinic adheres to advice from the British Chiropractic Association regarding this matter.

We really appreciate your contribution in making this clinic as COVID secure as it can be so that we can concentrate on providing you with the highest quality chiropractic care as well as keeping our most vulnerable patients' safe!

Thank you,

Joseph Arkle & Sue Moore
